

Iowa State Innovation Model Community Care Coordination

Iowa Healthcare Collaborative

Local Level Technical Assistance and
Support Services

Community Care Coalition (C3)

Who are They?

- *Locally-based coalition of stakeholders consisting of, but not limited to:*
 - Hospitals & Providers
 - Local Government & Public Health
 - Human Services (ex. mental health, housing, shelters)
 - Community Action Organizations
 - Social Service Providers

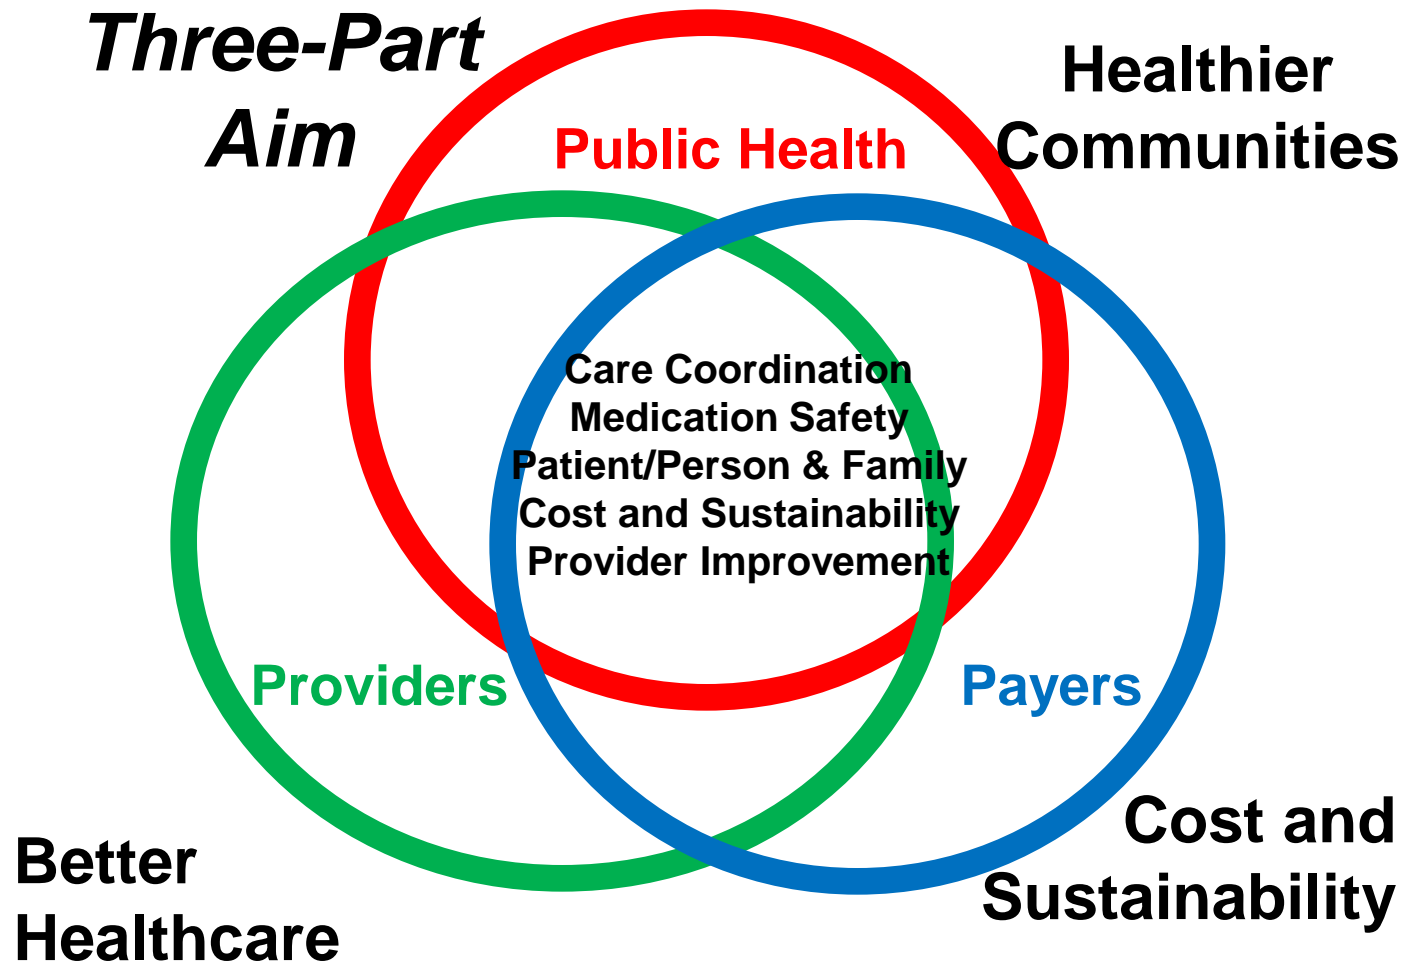

Community Care Coalition (C3)

What will they do?

- *C3 initiatives address population health needs by coordinating local resources ...*
“Population-based, Community-applied”
- *Promote alignment of health and social needs by focusing on social determinants of health*
- *Address access and utilization barriers (i.e. transportation, housing, health literacy, access to food, lack of a primary care attribution, and medication access)*

IOWA SIM

State Innovation Model of Iowa

Community care is hard. Transition to value-based care is confusing. Our goal with the State Innovation Model is to simplify that process. Together.

Below is a menu of technical assistance services.

SIMplify

A web-based communication platform, facilitating information exchange throughout the Iowa SIM community.

SIMplify Tools

A readily accessible resource library for all C3 participants, with material pertinent to C3 program initiatives.

SIMplify Data

A data collection and reporting system, centralizing access to C3 project reporting metrics.

SIMplify News

A monthly spotlight of notable SIM-related news, resources, and events.

SIMplify Forum

A multi-point videoconference event series, featuring a panel of subject-matter experts discussing pertinent issues throughout the SIM's network of C3s.

SIMplify Learning

Educational provisions in hands-on, conference style, and webinar formats.

SIMplify Consulting

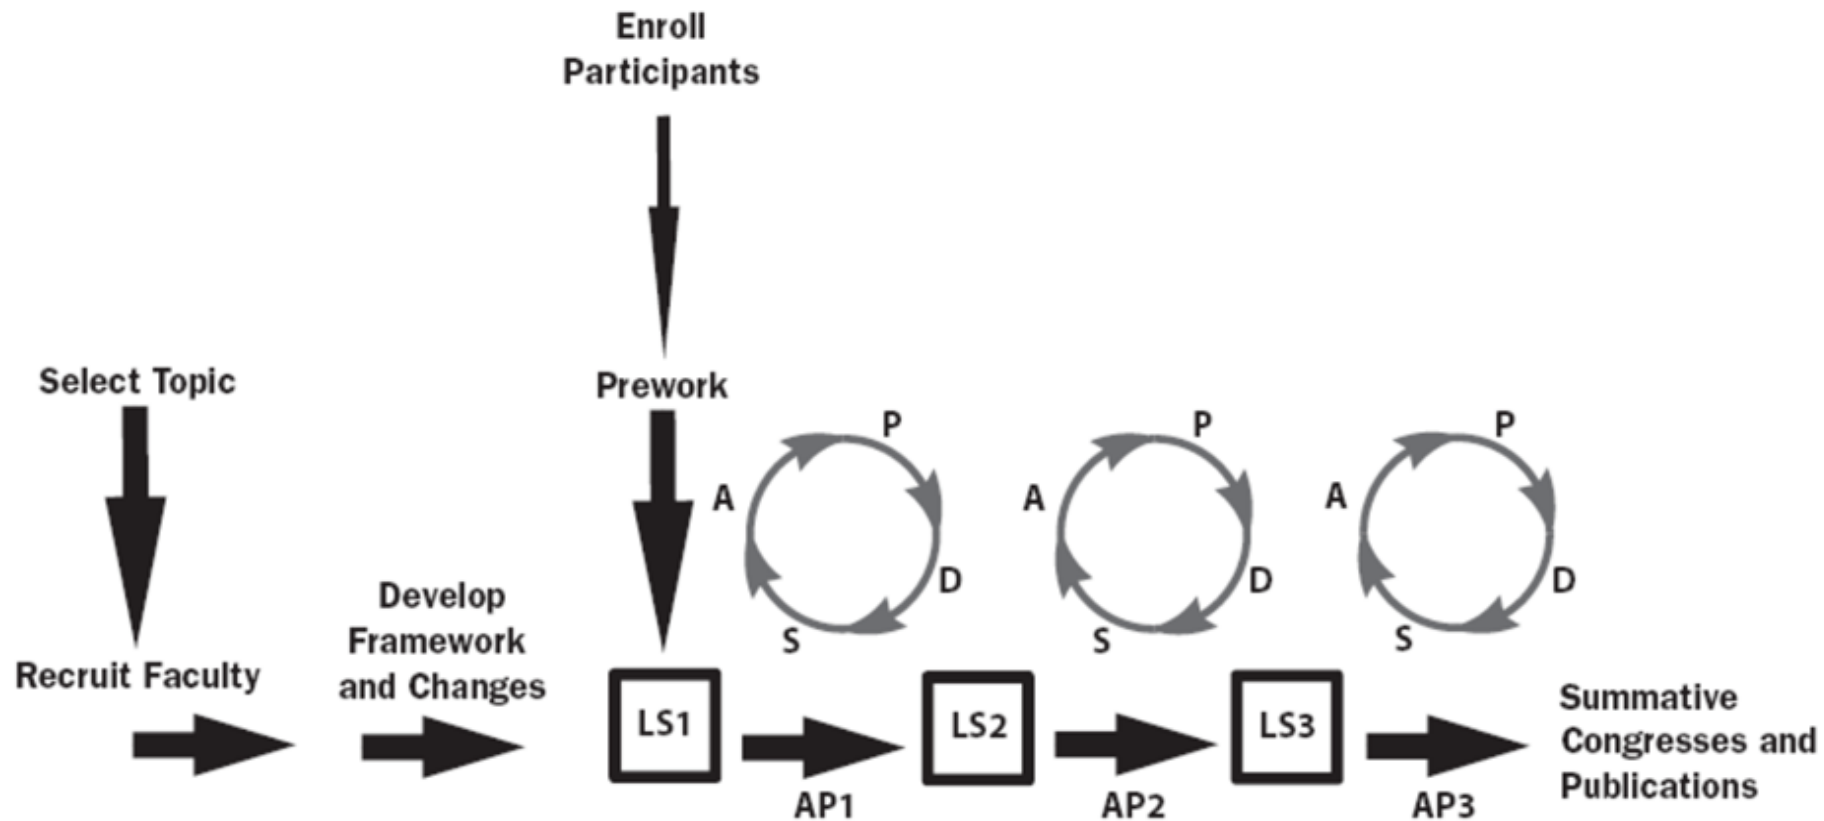

People to help you accomplish what you are setting out to complete.

For more information, visit www.ihconline.org.
